Founded in 1997, Invu develops Electronic Document Management (eDM), Accounts Payable (AP) and Purchase Order Processing (POP) solutions for a range of sectors, particularly those which are highly document dependent or where compliance is important. Invu's comprehensive product suite encompasses document and content management, purchasing, workflow, document automation and collaboration solutions.

Invu is a Microsoft Gold Partner as an Independent Software Vendor (ISV). The company and products, therefore, meet the stringent requirements of the Microsoft Partner Program introduced in 2010.

Invu partners with a range of software vendors, such as ABBYY, a data capture, recognition and extraction tool provider whose Flexicapture technology sits at the heart of many Invu solutions; and IRIS, which supplies Invu Document Management to around 20% of the top 100 UK practices as the IRIS Accountancy Solutions document management product of choice.
